Absolutely outstanding teaching, Cathy is very supportive of everyone and understands my needs due to mental health, being a mum already and being pregnant there is no pressure from Cathy laid back and is always willing to offer extra help to everyone.

I had a great experience with tutor Cathy Williams. The lessons were always well-organized, interesting, and easy to understand. The tutor was very supportive, and always explained difficult topics clearly. Thanks to their help, I improved my knowledge and became more confident in my skills and communication with my child. I truly appreciate their professionalism and positive attitude. I'm so grateful to Cathy!

I really enjoyed this course. The tutor was very kind, patient and explained everything clearly. I learned a lot about caring for children. Thank you for your support.

My tutor Cathy is as excellent ! She was very supportive, patient, helpful and kind ! The lessons were well presented and understanding ! I felt comfortable to ask questions and will be recommending to others as well as applying for level 2 next ! Thankyou Cathy.

The course is very interesting and useful. The teacher was happy to share his knowledge.
